Full Job Description

*****Now offering a hiring bonus --- up to \$6k ---- depending on position*****

Apollo Plumbing Heating & Air Conditioning has been serving the Portland and Vancouver metro areas for over 35 years. We have an A+ rating with the BBB, and a 4.8 rating on Google reviews. Last year we added our HVAC department. With our established client base, we've had no problems filling our schedule! This is where you come in - we need more rockstar technicians and installers that can provide over-the-top customer service.

Currently we are looking specifically for Journeyman with at least 1 year experience in the field.

Why join our team?

- Family owned and operated means we value “family first” and want to provide the means for you to enjoy family-time.
- We want to help you achieve your dreams and goals!
- We've worked hard at building a culture that makes team members want to stay.
- Our employee recruiting is at an all-time high, which speaks to our culture.

Job Description:

- Work with coordinator to ensure correct material and equipment is ready for the daily schedule.
- Engage in client discussions professionally and politely; works with their team leaders to address issues if beyond knowledge base.
- Follow all safety and training per company policy and procedure
- Ensure that company vehicle is maintained and in operating order
- Participate and attend all required employee meetings and trainings

Essential skills:

- Confident and professional communication skills via phone and face to face interaction with homeowners and team members.
- Experience with and able to navigate mobile devices (Apple products) with the ability to learn new software.
- Attention to detail when debriefing coordinator or homeowner about your findings in the field.
- Service oriented and ability to interact with all customer service scenarios (positive and negative). Ability to empathize and work through challenging problem-solving situations.

Physical Requirements:

- Must be able to lift 50 lbs.
- Must be able to be on your feet / knees for extended periods of time.
- Must be able to work in crawl spaces and attics for periods of time.
- Comfortable working outdoor in the elements

Qualifications:

- HVAC Journeyman license
- Valid driver's license with clean (insurable) driving record
- Ability to work in the US
- Ideally, 3-4 years of HVAC experience which means you're proficient in installing HVAC equipment
- General knowledge in all HVAC low voltage systems

- EPA Universal Certification a plus!
- Excellent verbal skills
- Professional phone skills

- Strong interpersonal skills

- Energetic personality

- Well organized

- Ability to work within a team environment

Benefits:

- Health/dental/vision insurance
